

San Diego Association of REALTORS® Temporary Housing List as of 11/01/07

SDAR in accepting information about temporary and long term housing, makes no claim concerning the property. Properties are listed at market rate, however some properties are offering lower rates, waived fees, and flexible lease terms. SDAR does not endorse or assume any liability for incomplete or inaccurate information. We are updating the list as quickly as possible so please be patient as this is an endeavor to help fire victims and not a traditional listing service. Be advised that under California Penal Code Section 396, for the following 30-day period after a disaster has been declared, it is unlawful for a person to offer rental housing for a price more than 10 percent above the price charged immediately prior to the declaration.
